## DETAILED ACTION

### *Response to Arguments*

Applicant's arguments, see Remarks pages 1-7 and claim amendments, filed 6 February 2006, with respect to the following have been fully considered and are persuasive.

All objections to the drawings and specification stand withdrawn in view of applicant's submission of corrections.

All rejections of claims under 35 USC 103(a) stand withdrawn in view of the amendments which dramatically changed the scope of the claims.

Please note that the petition for color drawings was **granted**.

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Timothy Baumann (40,502) on 22 June 2006. Amend the claims as follows:

In the claims,

In claim 1,

Line 7, insert ", **simultaneously**" at the end of the line immediately following the term 'directly'

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Prior art XRD systems have not simultaneously determined multiple material parameters from one scan of the material, nor have the beams been directly and simultaneously indicative of a plurality of material characteristics. Furthermore, prior art XRD visualization systems have not displayed multiple material properties simultaneously so that an operator can determine a correlation between them.

These differences alone provide novel and non-obvious improvements over the known prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 6 February 2006 was filed after the mailing date of the First Office Action. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.
